

SO Hang-mui, RN, RM,BN, MN, MSc(HSMgt), DNurs

Nurse Consultant (Intensive care), HKEC / Deputy Director (Nursing) of Nethersole Clinical Simulation Training Centre, Pamela Youde Nethersole Eastern Hospital.

She has been working in ICU for more than 20 years and leading many quality improvement projects. Examples are eye care in ICU patients, promotion of early protocol-driven enteral feeding, cluster based quality improvement project on prevention of ventilator associated pneumonia. She is also active in the promotion and implementation of evidence based practice such as prevention of catheter associated urinary tract infection, prevention of venous thromboembolism with non-pharmacological measures and prevention of ICU readmission with a post-ICU discharge follow-up program.
