

Dr Pamela Lee

MBBS (Hons.), MRCPCH, FHKAM (Paed), FHKCPaed

Clinical Assistant Professor and Honorary Associate Consultant

Department of Paediatrics and Adolescent Medicine

Queen Mary Hospital

LKS Faculty of Medicine, The University of Hong Kong

Dr Pamela Lee is a paediatric immunologist specialized in the field of primary immunodeficiencies and haematopoietic stem cell transplantation. She received training in Great Ormond Street Hospital for Children NHS Trust, where she worked as a Clinical Fellow in Immunology and Bone Marrow Transplantation. She was also a Research Associate at the Molecular Immunology Unit, Institute of Child Health, University College London. Currently she is an accredited trainer of the Paediatric Immunology & Infectious Diseases subspecialty. Her clinical interests include primary immunodeficiencies and immune reconstitution in stem cell transplant recipients. Her laboratory focuses on host defense mechanisms against fungal pathogens.
