

**Infection Control Branch, Centre for Health Protection /
Infectious Disease Control Training Centre, Hospital Authority**

| | |
|----------------------------|---|
| Title | Workshop on infections in transplant recipients: prevention, control and management |
| Target Participants | Physicians, paediatricians and surgeons specialized in transplantation, haematologists, infection control personnel, clinical microbiologists, infectious disease physicians, epidemiologists. |
| Objectives | <ul style="list-style-type: none"> ● Epidemiology update and emerging infections ● Best practice on evaluation of donors and recipients ● Infection prevention and control in transplant units ● Advance in diagnostics ● Highlight and update on clinical management of infections in transplant recipients ● Antimicrobial prophylaxis and vaccination in transplant recipients |
| Date | 3 - 5 February 2015 (A series of didactic lectures will be held on 3 - 4 February 2015) |
| Venue | Lecture Theatre, G/F Centre for Health Protection, 147C Argyle Street, Kowloon |

| 3 Feb 2015 | | |
|---------------------|---|--|
| Time | Topic | Speaker |
| 13:45 – 14:00 | Registration | - |
| 14:00 – 14:15 | Welcome address and souvenir presentation | Prof. SC Chan, Dr. NC Tsang, Dr. TY Wong |
| Session I | <i>Moderator: Prof. SC Chan</i> | |
| 14:15 – 14:55 | Pre-transplantation evaluation of donors and recipients on risk of infections | Prof. Peter Chin-Hong |
| 14:55 – 15:35 | Isolation Precautions and Environmental Concerns for Transplant Patients | Prof. Emily Blumberg |
| 15:35 – 15:50 | Q & A | - |
| 15:50 – 16:00 | Break | - |
| Session II | <i>Moderator: Dr. WH Seto</i> | |
| 16:00 – 16:40 | Donor derived infections in transplantation: epidemiology and surveillance | Prof. Peter Chin-Hong |
| 16:40 – 17:20 | Impact of multi-drug resistant organisms on clinical outcomes | Prof. Emily Blumberg |
| 17:20 – 17:35 | Q & A | |
| End of Day 1 | | |
| 4 Feb 2015 | | |
| 08:45 – 09:00 | Registration | - |
| Session III | <i>Moderator: Dr. NC Tsang / Dr. TY Wong / Dr. KW Choi</i> | |
| 09:00 – 09:40 | Laboratory diagnosis of invasive fungal infection in | Dr. Jasper Chan |

| | | |
|---------------------|--|-----------------------|
| | transplant recipients: theory and practice | |
| 09:40 – 10:20 | CMV disease in transplant recipients: evaluation and management | Prof. Emily Blumberg |
| 10:20 – 10:35 | Q & A | - |
| 10:35 – 10:45 | Break | - |
| Session IV | <i>Moderator: Dr. NC Tsang / Dr. TY Wong / Dr. KW Choi</i> | |
| 10:45 – 11:25 | Management of invasive fungal infections in HSCT recipients | Dr. Eric Tse |
| 11:25 – 12:05 | Antimicrobial prophylaxis for transplant recipients | Prof. Peter Chin-Hong |
| 12:05 – 12:20 | Q & A | - |
| 12:20 – 13:45 | Lunch | - |
| 13:45 – 14:00 | Registration | - |
| Session V | <i>Moderator: Dr. NC Tsang / Dr. TY Wong / Dr. KW Choi</i> | |
| 14:00 – 14:40 | Difficult to treat infections in renal transplant recipients: local experience | Dr. SK Chan |
| 14:40 – 15:20 | Difficult to treat infections in paediatric HSCT recipients: local experience | Dr. Frankie WT Cheng |
| 15:20 – 15:35 | Q & A | - |
| 15:35 – 15:45 | Break | - |
| Session VI | <i>Moderator: Dr. CW Leung</i> | |
| 15:45 – 16:25 | Vaccinations for paediatric HSCT recipients | Dr. Frankie WT Cheng |
| 16:25 – 17:05 | Virological surveillance in paediatric HSCT recipients | Dr. Pamela Lee |
| 17:05 – 17:20 | Q & A | - |
| 17:20 – 17:30 | Closing remark | Dr TY Wong |
| End of Day 2 | | |
